PROJECT WM-10

David Squires
U. S. Department of Energy
Richland Operations Office
P. O. Box 550
Richland, WA 99352

Dear Mr. Squires:

Thank you for your assistance in providing copies of the BWIP Site Characterization Report to the Advisory Committee on Reactor Safety.

In view of the present shortage of copies of the SCR and the immediate need of the Committee, I have agreed to provide the Committee with ten copies from the reserve store in this office. This was done with the understanding, which we discussed on January 24, that ten copies will be supplied to us by your office from the new printing now in progress. I believe you indicated that the ten copies are expected to be available in approximately three weeks.

Yours truly,
