Mindy....I think you have done a good job.....The tough part of this will be to ensure we have Commission buy in on a policy which can be shared externally and then ensure our policy is approved by stakeholders beyond NRC.....then we can implement on a case basis.....Z

 Based on the discussion at the ET meeting yesterday, (Regions could not be on the bridge), I have drafted some criteria for the staff to use in making decisions about releasing certain documents to the public. Please read the attached network announcement, which includes general criteria, and let me know your comments, revisions, etc., asap. We are anxious to get some guidance to the staff. Thanks.
