Subject: Re: Status of guidance?

EDO [Bill, I discussed the latest status at the NRR meeting this morning.... we have been asked to send the criteria up to the Commission for a notation vote. I don't have a clear idea of their schedule for reviewing the criteria, so at this time I would just tell the staff it is being reviewed. Please don't include it since it is still a draft document, and could change.

We are preparing an update to the NRR staff re: the web site and were wondering about the status of the criteria (e.g., whether we could include it or to say it would be issued soon).
