Mr. O. L. Olson, Project Manager
 Basalt Waste Isolation Project Office
 U. S. Department of Energy
 Richland Operations Office
 P. O. Box 550
 Richland, Washington 99352

Dear Mr. Olson:

The NRC has contracted for a benchmarking study to compare and evaluate several of the computer codes likely to be used for high-level waste repository analyses. We would like to include the code PORFLO, used at the BWIP, in this study.

D. Fehringer, of the NRC staff, has talked to R. Wilde, of Rockwell International about transferring PORFLO to our contractor, GeoTrans Inc.. The purpose of this letter is to formalize the request.

Your assistance in making PORFLO available to our contractor will be greatly appreciated.

Sincerely,

RSI
