DELIVERY OF PERFORMANCE ASSESSMENT PLAN, MILESTONE 1323642

The enclosed document "Performance Assessment Plan and Methods for the Salt Repository Project" is hereby submitted to SRPO, satisfying Milestone 1323642, WBS 1.3.2. The document is being submitted for clearance concurrently. This version is significantly changed from the previous version (3/1/83) of the PAP. This is in response to changes requested by Ms. Leslie A. Casey in a letter dated 25 November 1983, and modified by discussions with Ms. Casey on 5 December 1983. Additional changes resulted from consideration of comments resulting from a review performed at Argonne National Laboratory.

The next update of the PAP is scheduled for the end of CY 1984. That update will contain changes resulting from planning activities associated with preparation of the SRP Site Characterization Plan.

Please direct any questions or comments on this Plan to Drs. T. L. Steinborn or J. F. Kircher of my staff.
