Purpose Of Telecon

Discuss Request for Proposal for Pitting Kinetics Study

Text Of Telecon

(1) Mr. McNeal proposed we give him the name of the contractor for pitting kinetics work when awarded so that he could contact them and supply the data they had on pitting.

(2) I suggested that he transmit the information that he had to me through F. R. Cook since the contractual responsibility was ours. I told Mr. McNeal that when the contractor selection was made we would be sure to transmit the information to the contractor.

(3) He said he would send copies of the information.
