Mr. Carl Newton
U.S. Department of Energy
Mail Stop B-107
Washington, DC 20545

Dear Mr. Newton:

As discussed by telephone earlier today I am enclosing a letter of April 6 from Sandia National Laboratories requesting certain information from the Hanford project.

We will appreciate your suggestions on how to obtain this material.

Thank you for your cooperation.

Sincerely,

Robert J. Wright
Senior Technical Advisor
High-Level Waste Technical
Development Branch
Division of Waste Management
