Purpose Of Telecon

To discuss material to be reviewed and made available to NRC at Hydrology Workshop on January 9-11, 1984.

Text Of Telecon

NRC reviewed the contents of a draft letter to be sent from Mr. R. J. Wright (NRC) to Mr. O. L. Olson (DOE-RL). The letter specified four groups of data the NRC desired for the January 9-11, 1984, Hydrology Workshop:

1. Material to be copied for NRC
2. Material to be made available for NRC's review
3. Other items to be available for possible examination
4. Unfinished business from previous workshops to be discussed.

Mr. Wright also noted that he intended to meet with Mr. M. J. Smith (BWIP) on Tuesday, December 13, 1983, to review the January 9-11, 1984, Geochemistry Workshop agenda.

Mr. K. A. Hadley (BWIP) reconfirmed BWIP's intention to conduct a telecon with NRC on December 19, 1983, to discuss the January 23-27, 1984, Repository Design Workshop.
