Thanks to you, Chip, and everyone who supported this meeting from the program offices. Although we are a little beaten and bruised, I think we have many "takeaways" we need to seriously think about. We are pulling a meeting summary together and will send it out in draft to ensure we haven't missed anything. The real work lies ahead, so stay tuned.

comments on the interface issues from the Mothers for Peace. Excuse me if I missed people. Please forward. By the way, you all did a very creditable job. Thank you.
