Mindy,

Could you please replace the first sentence of the para regarding my remarks to the one below.

Sandy Joosten, Office of the Secretary, said that the policies regarding letters to the Commission was a long-standing policy established and voted on by the Commissioners in the Internal Commission Procedures.

thanks,
Sandy

Please take a look at this summary and let me know if you spot any inaccuracies, particularly in the way I characterized what any of you said at the meeting. I tried to keep it short, but it still came out to about 7 pages.

I'd appreciate comments by COB Thursday, July 24. Thanks.
