Dear Dr. Randl:

On behalf of the visiting team members, I would like to express our greatest appreciation for very productive and constructive discussions with you during our visit to your organization. These discussions have enhanced our understanding of your nuclear waste disposal program and we are looking forward to a continuing exchange of information with you. I hope to see you at the Bilateral meeting later this year and, in the interim, will be sending you some correspondence regarding our interests. If I can be of any assistance to you in the future, please let me know.

Sincerely,

J. O. Neff

Dear Dr. Kuhn:

On behalf of the visiting team members, I would like to express our greatest appreciation for very productive and constructive discussions with you during our visit to your organization. We are expecting to see your Asse experimental plan in July and will be prepared to discuss our mutual interests at the Bilateral meeting. Your coordination of our team's visit to Germany resulted in one of the best site visits that I have had. Please let me know if I can assist you in any future visits.

Sincerely,

Dear Dr. Rothemeyer:

On behalf of the visiting team members, I would like to express our greatest appreciation for very productive and constructive discussions with you during our visit to your organization. These discussions have enhanced our understanding of your nuclear waste disposal program and we are looking forward to a continuing exchange of information with you. This exchange is of particular importance to us regarding the technical progress at Gorleben. I hope to have many opportunities to discuss your progress with you. If I can ever be of any assistance to you, please feel free to contact me.

Sincerely,

Dear Dr. Orłowski:

On behalf of the visiting team members, I would like to express our greatest appreciation for very productive and constructive discussions with you during our visit to your organization. The time you and your staff devoted to us on a very busy day for you is sincerely appreciated. I have added Dr. Cricchio to our mailing list for ONWI documents and I hope this solves a small part of the problem of exchanging information. I look forward to continued discussions on our mutual interests.

Sincerely,
