J. O. Neff, Program Manager
 Salt Repository Project Office
 505 King Avenue
 Columbus, Ohio 43201-2693

Dear Mr. Neff:

SUBJECT: PERFORMANCE ASSESSMENT BRIEFING BY NRC FOR SRPO

In response to your letter of May 1, 1984, as we discussed during the NRC hydrology data review visit, the NRC staff is prepared to brief SRPO on the status of our performance assessment program with respect to salt on June 14 and 15, 1984. The objective of the briefing will be to familiarize SRPO with the codes and models, data and documents on performance assessment that the staff considers are most representative of our positions on how performance assessment may be used in licensing. A revised agenda for the meeting, based on our recent discussions, is enclosed. Please have L. Casey contact Mark Logsdon (FTS 427-4177) of my staff to confirm the dates and list of participants, as well as to provide any comments you may have on the proposed agenda.

Sincerely,

"ORIGINAL SIGNED BY"
