Docket No. 50- 443

Response to Order for Compensatory Measures Related to Access Authorization

In accordance with the Nuclear Regulatory Commission's (NRC) Order (Item C. 2) dated January 7, 2003, Florida Power & Light Company (FPL) and FPL Energy Seabrook, LLC (FPL Energy Seabrook) hereby notifies the NRC that the compensatory measures have been completed.

FPL Energy Seabrook notes that subsequent to January 7, 2004, 14 individuals were found who had not had their access authorization updated in accordance with the Order. These 14 individuals had unescorted access and 13 of them had entered the Protected Area. Upon discovery of this administrative error, the individuals' badges were placed on hold and the access authorization update completed. There were no issues identified which would have prevented granting unescorted access to the 14 individuals and their unescorted access has since been restored.

Should you have questions concerning this matter, please contact Richard Maier, Manager, Nuclear Security at (561) 691-7137.

Sincerely yours,

J. A. Stall
Senior Vice President, Nuclear
and Chief Nuclear Officer
