Mr. Jefferson O. Neff, Program Manager  
 Salt Repository Project Office  
 Department of Energy  
 505 King Avenue  
 Columbus, Ohio 43201-2693

Dear Mr. Neff:

SUBJECT: REQUEST FOR INSTRUCTION ON SRPO TECHNICAL DATA MANAGEMENT SYSTEM

As you are aware, we have direct terminal access to the SRPO Information Management System. One of our Docket Control Center staff was instructed on the use of this system during a seminar in May, and a few of our technical staff and contractors were instructed as part of the hydrology and rock mechanics data reviews during the past few months. I believe other members of NRC's salt team would also benefit from the excellent instruction provided by your staff and ONWI.

Robert Johnson has discussed with Leslie Casey the possibility of an instruction seminar in Silver Spring, MD, and Leslie Casey has proposed a tentative date of October 9, 1984. I have enclosed a general agenda for the seminar which would consist of an overview of the SRPO information management systems for which we have terminal access, together with instruction on the use of the various systems using NRC's terminal (IBM PC). We request that your staff contact Nancy Still of our staff to set up the details of the actual instruction sessions.

Ms. Still is in charge for the Docket Control Center and her telephone number is FTS 427-4426. Please contact Robert Johnson for any general questions and confirmation of the date.

We appreciate receiving this instruction since the systems you are developing for general use contribute to making the data/information from SRPO readily available which in turn will improve the precicensing process.

## PROPOSED AGENDA

NRC STAFF INSTRUCTION ON  
SRPO TECHNICAL DATA MANAGEMENT SYSTEM

DATA: October 9, 1984

TIME: 9:00 a.m. - 4:00 p.m.

PLACE: NRC Willste Building, Silver Spring, MD

PURPOSE: 1. Familiarize the NRC salt team members with the information management systems currently in use by DOE/SRPO and ONWI.

2. Instruct members of the NRC salt team on the use of the on-line SRPO systems available through the NRC terminal.

9:00 a.m. Introduction

Attendees  
Purpose/objectives  
Specific training plans

All  
NRC/SRPO  
SRPO/ONWI

9:15 a.m. Overview of the Technical Data Management System (TDMS)

10:00 a.m. Instruction Sessions

12:00 noon Lunch

1:00 p.m. Instruction Sessions

3:30 p.m. Preparation of Meeting Notes

4:00 p.m. Adjourn

## ATTENDEES:
