SUBJECT: TRANSMITTAL OF DESIGN/ROCK MECHANICS USTP FOR THE SALT  
 REPOSITORY PROJECT (SRP)

Enclosed is the Design/Rock Mechanics USTP for the SRP. Transmittal of this USTP is in accordance with completion of Operating Plan Commitment Milestone Number 5314217.32. The Design/Rock Mechanics Umbrella Site Technical Position was written following the "Guidance for Development of Umbrella Site Technical Positions (USTP's)" document distributed on August 6, 1984.

The USTP for the SRP has been prepared identical in format to the BWIP and NNWSI USTP's which were transmitted by our memorandum dated August 24, 1984, Subject: "Transmittal of Design USTP's". The second tier issues for the SRP USTP were altered as necessary to reflect unique features to repository design in salt.
