INSTRUCTIONS

(NOTE: More detailed requirements and instructions and contained in DOE 5635. 1 and DOE 5300. 1A. For DOE organizations, procedures and illustrations for preparing this form are contained in DOE 1325. 1A, CORRESPONDENCE MANUAL.)

- 1. and 15. Classification:** If the message is classified, stamp the classification level in the designated area at the top and bottom of the form.
- 2. Message Contains Weapon Data:** The originator shall mark the appropriate block either "YES" or "NO", otherwise the message center will not transmit the message.
- 3. Documentation:** Complete the documentation as required. Secret and Top Secret messages shall be documented in accordance with existing procedures. Series shall be assigned by the originating office as follows:
 - Originating office copies - Series A
 - Transmitting Message Center - Series B
 - First addressee - Series C
 - Each succeeding addressee - Series D, E, F, and so forth.
- 4. Precedence Designation:** High precedences are reserved for use only under specified conditions. Average transmission times exclusive of messenger services are shown. Messages having undesignated precedences are sent as "Routine."
- 5. Type of Message:** See DOE 1325.1A for an explanation of message types.
- 6. From:** Type name of organization on the first line, the name and routing symbol of the sender on the second line, and the city and state on the third line.
- 7. Signature of Authorizing Official:** The official authorized to certify the message as "Official Business" signs here. The time should be added in the signature block as a means of establishing the date time group for use in replies or future references to the message.
- 8. Date:** Insert the date the message is signed for dispatch.
- 9. To:** Place each address on one line if possible. If more than one addressee, double space between each. List information addressees in the address portion of the message if electrical transmission is required or if you wish the other addressees to know they are being furnished a copy. Send information copies by mail whenever possible. To indicate that electrical transmission is not required, place the letters "ZEN" before the action or information address. The originator is responsible for transmitting these copies.

Message Text: Start the body of the message three spaces below the address and double space between lines. Use block style. Be brief, use coined words, commonly understood abbreviations, ordinary punctuation, and numerals. Omit the articles "a," "an," and "the" unless needed for clarity or part of a quoted passage. Limit each line of text to 69 characters and spaces (note margin guides).
- Continuation Pages:** Use plain bond paper.
- 10. Originator:** Type the name of the originator, initials of the typist, the telephone number, and the routing symbol of the originating organization.
- 11. through 14.** Choose the appropriate category stamp and complete the required information.
