The NRC Form 136 affects the employees of licensees and contractors who have been granted an NRC access authorization. When access authorization is no longer needed, the completion of the form appraises the respondent of their continuing security responsibilities. The NRC Form 237 is completed by licensees, NRC contractors or individuals who require an NRC access authorization. The NRC Form 277 affects the employees of contractors who have been granted an NRC access authorization and require verification of that access authorization and need-to-know in conjunction with a visit to NRC or another facility.
