SUBJECT: NOTICE OF UPCOMING MEETINGS

84 SEP 24 P3:45

WM DOCKET CONTROL CENTER

This notice of meetings is being sent to you as a result of the July 19-20, 1983 meeting. It will be updated weekly and sent to you for your information. It reflects only meetings which we are aware of; therefore, if you are aware of a meeting that you would like to have appear on this list to facilitate planning among us, please phone the information to Ted Taylor (614/424-5916) so that the next notice can reflect that information.* Meetings at which an OMWI Speakers Bureau representative participates are indicated by "(SB)" beside the date. Persons desiring to attend such meetings should contact the host organization for details and to provide the names of anticipated attendees.

The announcements of DOE meetings with NRC (which can be reached at the following toll-free telephone numbers: for calls originating in Maryland, 800-492-4610; for calls originating in the other 49 states, 800-368-2235) will be updated each Monday to reflect the NRC part of the information on this notice.

UPCOMING MEETINGS

October 3-4 - DOE meeting with NRC, salt states, Nevada and Washington in Atlanta.

* October 9 (Tentative) - SRPO and M. Golis of OMWI to train NRC staff on computer access to SRP data base in Silver Spring, Maryland.

* October 16-18 - NRC and SRPO visit WCC to view proprietary geophysical data.

*Note: An asterisk indicates a modification since last week.
