 Subject: INDIAN POINT SCHEDULE

The current schedule for the IP EFOF visit is attached. I am going up there next week, June 16-18 to observe adversary training/preparations, detailed tour of the facility and new strategy/defensive positions/etc, and meet with the National Guard re their participation. Two of our OSRE contractors will also attend.

Note the starting time for the exercises. I will be continuing discussions on that subject.  
 David
