Dear Mrs. Netchaeva:

It is our pleasure to invite you to the USA to participate in an OECD Topical Meeting on Loss-of-Coolant Accidents. The meeting will be held on May 25-27, 2004. This important technical meeting is being held at Argonne National Laboratory near Chicago. Argonne National Laboratory does work in this technical area for the U.S. Nuclear Regulatory Commission. The U.S. Nuclear Regulatory Commission is a member of the OECD group that organized the meeting, and therefore Argonne was asked to host the meeting.

More than twenty papers are expected to be presented by researchers from Western and Eastern Europe, Japan, Canada, and the U.S. We expect to have a very informative meeting plus a tour of the facilities at the laboratory. We hope you can join us.

Sincerely,

/RA/
