SUBJECT: NOTICE OF UPCOMING MEETINGS

84 MAY -9 P3:31
 WM DOCKET CONTROL
 CENTER

This notice of meetings is being sent to you as a result of the July 19-20, 1983 meeting. It will be updated weekly and sent to you for your information. It reflects only meetings which we are aware of; therefore, if you are aware of a meeting that you would like to have appear on this list to facilitate planning among us, please phone the information to Ted Taylor (614/424-5916) so that the next notice can reflect that information.* Meetings at which an ONWI Speakers Bureau representative participates are indicated by "(SB)" beside the date. Persons desiring to attend such meetings should contact the host organization.

The announcements of DOE meetings with NRC (which can be reached at the following toll-free telephone numbers: for calls originating in Maryland, 800-492-4610; for calls originating in the other 49 states, 800-368-2235) will be updated each Monday to reflect the NRC part of the information on this notice.

UPCOMING MEETINGS

May 8-9 - Training in Columbus for states and NRC on computer access to SRP technical data, the Catalog and the Bibliography.

May 15-18 - NRC Hydrology Data Orientation and Review in Columbus.

May 31-June 1 - Sixth Bimonthly Meeting of Salt States and NRC, Columbus.

* June (Tentative) - NRC briefing to SRPO in Columbus on NRC performance assessment program, data, models, codes, and reports.

June 12, 1984 (SB) - Lubbock Classroom Teachers Association, Lubbock, Texas, H. Latham (ONWI)/P. Archer (ONWI) - general program overview.
