Mr. John G. Davis, Director
Office of Nuclear Material Safety
and Safeguards
United States Nuclear Regulatory Commission
Washington, D.C. 20555

Dear Mr. Davis:

Thank you for your letter of October 11 requesting the designation of a contact person for NRC coordination with the State of Texas. To date, the Governor's Office of Nuclear Waste Programs has been responsible for handling this issue in the absence of an established legislative review committee. Therefore, I recommend the primary contact be designated by Governor White. However, I would like to reserve the right to designate a contact on the part of the Texas House of Representatives at a later time if the need arises.

Sincerely,

Gibson D. (Gib) Lewis
