Those on Attached List

Gentlemen:

## BASALT WASTE ISOLATION PROJECT (BWIP) CORRESPONDENCE LISTING

As a result of several discussions among program participants over the past few weeks, it has been recommended that a uniform general correspondence listing be utilized by all the parties to the BWIP Characterization Program. This will allow all participants to receive current communications in a more effective manner. The recommendation, in our opinion, is a worthwhile endeavor and similar to the type of correspondence exchange that takes place on a commercial project. Effective this date, we are using the attached listing on all of our DOE external communications and ask that the parties do the same on all BWIP-related correspondence originating from their office. If you have questions regarding this letter or suggestions regarding the list itself, please contact Mr. J. E. Mecca of my staff, at (509) 376-5038 or FTS 444-5038.

Sincerely,

O. L. Olson, Acting Director  
Basalt Waste Isolation Division
