

COMMISSIONER
U.S. NUCLEAR REGULATORY COMMISSION

2/5/01

Dear Congressman Deutsch,

Last month, I had the opportunity to visit the Turkey Point nuclear power plant.

Overall, I believe this was an informative and positive visit, and I would be pleased to personally brief you on my impressions of the operations of this facility.

I will have my staff contact your scheduler in the next few days to see when there is a convenient time in your schedule.

Sincerely,

Jeffrey W. Winters
