**COMMENTS:**

Commissioner Merrifield would like to know if the Congressman would be interested and available to meet briefly (30 minutes) regarding his visits to Columbia Generating Station, Framatome Fuels, and ANP and U.S. Ecology during his recent trip to Richland, WA. I have attached a copy of Commissioner Merrifield's letter to the Congressman for your convenience.

Suggested dates that the Commissioner is available are:

Wednesday, October 17, 2001

Wednesday, October 24, 2001

I will be calling you early next week to discuss a date and time that works for both of us.

Thanks

Lorna Kipfer, 301-415-1855.
