SUBJECT

NRC Observation of Geochemistry Meeting between BWIP and USGS

Geochemistry Review Group.

SUMMARY

Based on earlier conversations with USGS staff George Dinwiddie and Don

Thorstenson, I contacted Jim Rollo to inquire whether NRC staff could observe a

meeting between the BWIP and USGS on hydrochemistry scheduled for December 10-12,

1985. The purpose of this meeting is to review and comment on BWIP's plans for

hydrochemical characterization of the Reference Repository Location at Hanford.

Mr. Rollo said that the USGS has no objections to NRC's attendance at the meeting,

but he deferred a decision to DOE-RL. According to Mr. Rollo, if NRC's attendance

is OK to DOE-RL, it's OK with the USGS.
