Dear Mr. Kennedy:

REQUEST FOR BASALT CHIP MATERIAL

Reference is made to your letter dated December 11, 1984, requesting chip material from drilling operations for Battelle Columbus Laboratories (BCL), and subsequently to my letter dated January 28, 1985, subject as above. By telephone conversation between Mr. Nicolosi of BCL and Mr. Lassila of my staff on February 4, 1985, it was agreed that 55 lbs. of cuttings from the Cohasset can be obtained during the drilling of RRL-2B and RRL-2C this coming spring. Mr. Lassila will contact Mr. Nicolosi when the cuttings are ready for shipment.

If you have any questions, please contact Mr. Art Lassila of my staff at FTS 444-6158.

Very truly yours,

O. L. Olson, Project Manager
