Mr. O. L. Olson, Project Manager
Basalt Waste Isolation Project Office
U.S. Department of Energy
P.O. Box 550
Richland, WA 99352

Dear Mr. Olson:

Please find attached a listing of references listed in the BWIP Preliminary Draft Environmental Assessment that are not available to us in the Washington, D.C. area. We would like to examine these documents in preparation for our review of the BWIP EA.

Two documents are of particular interest. These are: Vandegrift et al (1983), "The Interaction of Groundwater and Fresh Basalt Fissure Surfaces and its Effect on the Migration of Actinides," and Rockwell (1984), "Assessment of Rock Mass Conditions in a Candidate Horizon for Nuclear Waste Repository in Basalt."

Would you please advise me when we can expect to receive these documents.

Sincerely,

~~XXXXXXXXXX~~

Robert J. Wright, Senior
Technical Advisor
