Mr. J. H. Anttonen  
Assistant Manager for Commercial Nuclear Waste  
Richland Operations Office  
U.S. Department of Energy  
P.O. Box 550

Dear Mr. Anttonen:

The purpose of this letter is to notify you of the assignment of Richard Galster to this Office on November 9 or 10 with an objective of reviewing detailed information concerning stratigraphy of the area on Monday November 9, 1987. Mr. Galster is a consultant for the NRC. He recently obtained information from Westinghouse Hanford Corporation (WHC) during an Appendix 7 interaction on October 30, 1987. His objective is to talk with Mr. S. Reidel of WHC. Mr. Reidel was not available during the interaction on October 30. The visit on November 9 is a follow up of the first visit of Westinghouse. WHC has indicated it may be desirable to take Mr. Galster to the field to answer some of the questions he has regarding various stratigraphic section measurements on Rattlesnake Mountain.

Mr. Galster's activities will be consistent with the provisions in Appendix 7 of the NRC/DOE Site Specific Agreement.

Mr. Galster will need an escorted visitor access badge for the 600 area. He does not have a security clearance. I will proceed to arrange the detailed schedule for Galster's interactions with Mr. Reidel through A. Tallman or Sue Price of WHC.

I will inform you and/or other DOE and WHC management of any items and concerns which I believe would be of interest to DOE consistent with my objective of providing such feedback of information.

Sincerely,

15/
