TELEPHONE CONVERSATION RECORD

TIME: 10:10 a.m.

DATE: September 9, 1987

OUTGOING TELEPHONE CONVERSATION

NAME OF PERSON CONTACTED: Linda Woodworth, Public Affairs Officer

ORGANIZATION: Bureau of Reclamation, Denver TELEPHONE NO: FTS 776-7000

SUBJECT: TRENCHING AT SADDLE MOUNTAIN AND O'SULLIVAN DAM AREAS, WASHINGTON

SUMMARY: Invitation - L. Woodworth indicated that Keith McConnell would be invited, by letter, to visit and examine the Bureau of Reclamation's proposed trenches at Saddle Mountain and the O'Sullivan dam areas on September 30, 1987.

Congressional Interest - Ms. Woodworth indicated that Congressman Wyden's (Democrat, Oregon) staff aide, Ken Rosenman, inquired of the Bureau of their trenching activities at the above locations from the perspective of the potential impact on DOE's BWIP site. Ms. Woodworth's reply was that the Bureau would be reaching no conclusions regarding the impact of the results of this trenching on the DOE's BWIP site. The Bureau's report, currently scheduled to be completed in January-February, 1988, would address only issues related to those concerning the Bureau's affairs, not those of relevance to the DOE's BWIP site.

Attendance List - When asked, Ms. Woodworth indicated that no representative of any Congressional affiliation had expressed a desire to be invited to observe the trenches on September 30.

NOTE: NRC will call Ms. Woodworth the week preceding the Trench Examination to determine the extent of Congressional interest in being present at the trenches.

ACTION REQUIRED: Advising NRC management and staff of possible interest in Congressional aide's attending the Bureau or Reclamation's Saddle Mountain trenches in September.
