

February 19, 2004

MEMORANDUM TO: John T. Greeves, Director  
Division of Waste Management  
Office of Nuclear Material Safety  
and Safeguards

E. William Brach, Director  
Spent Fuel Project Office, NMSS

FROM: Larry W. Camper, Deputy Director /RA/  
Licensing and Inspection Directorate  
Spent Fuel Project Office, NMSS

SUBJECT: UPDATE OF THE COMMUNICATION PLAN FOR SPENT FUEL  
TRANSPORTATION

The Licensing and Inspection Directorate forwards for your information the enclosed Communication Plan for Spent Fuel Transportation. This plan was updated to reflect changes in our planned outreach activities for the transportation of commercial spent nuclear fuel and to supplement the outreach activities described in the High Level Waste (HLW) Communication Plan update, dated September 29, 2003.

My staff will continue to closely work with the HLW Branch, Division of Waste Management, to coordinate outreach initiatives (such as public meetings, open houses, and training sessions) to improve efficiency and effectiveness. Further, we will update our plan, as necessary, to reflect changes in NMSS strategic objectives and upon finalization of the Nuclear Regulatory Commission's Strategic Plan.

Attachments:

1. Communication Plan for Spent Fuel Transportation
2. High Level Waste Communication Plan
