Dear Sir:

The Nez Perce Nuclear Waste Policy Program, after reviewing the "High-Level Waste Site Project File Correspondence Log", is very interested in obtaining all materials relevant to Bob Cook's name. Mr. Cook's interaction, involvement and on-site activities with Hanford is of great interest to this program.

Attached is a list of documents we would be interested in obtaining if at all possible.

We would appreciate your favorable consideration of this request. Thank you.

Sincerely,

Ronald T. Halfmoon, Manager
Nez Perce Nuclear Waste Policy
Act Program
