Dear Dr. Williams:

Enclosed is a draft mock-up of a chapter for the SCA. NRC will prepare a similar mock-up for the chapter on groundwater before October 29, 1982. To help NRC prepare for writing the SCA chapter on groundwater and to help organize the content of the appendices and SIA's, please prepare and bring with you to the meeting of November 1, 1982 a mock-up of the groundwater chapter, done at a level of detail similar to that of the enclosed sample.

Also, enclosed are seven new BWIP hydrology documents, including papers and abstracts from the Rocky Mountain Section GSA meeting, a paper from the Fairbanks AGU meeting, and the most recent update of the SCR references. Per our contract (NRC-02-82-044), these documents are for your background information; no action is required.

The action taken by this letter is considered to be within the scope of the current contract NRC-02-82-044. No change to costs or delivery of contracted products are authorized. Please notify me immediately if you believe this letter would result in changes to costs or delivery of contract products.

If you have any questions, please contact me or Mark Logsdon (301) 427-4541 of WMHT.

Sincerely,
