TO: F. Robert Cook
Division of Waste Management
United States
Nuclear Regulatory Commission
Washington, D.C. 20555

DATE: April 14, 1983

Dear Mr. Cook:

In response to your request of April 1, 1983
permission is hereby granted by McGraw-Hill for use of the following material:

Shand: GLASS ENGINEERING HANDBOOK

Figure 3-3, Page 50

Use of this material is limited to: in Nuclear Regulatory Commission documents
to be published by the agency

This permission is granted with the understanding that:

1. A credit line will be printed on the page with the material or on the copyright page of the work in which the material appears. This credit must include the author, title, copyright date, publisher and indicate that the material is reproduced with permission.
2. No changes will be made in the material without the prior written consent of McGraw-Hill.
3. This permission includes world rights in the English language only.
4. This permission applies to print reproduction only and does not extend to any electronic media use of the material unless otherwise specified.
5. This permission does not cover the use of any copyrighted material which may be incorporated into the material with credit to other sources.
6. The material may be transcribed into Braille or reproduced in large print or on tape solely for use by the physically disabled.
