101.1

Enclosed for your information and use is a copy of the NRC's draft analysis of the Department of Energy's (DOE's) draft Site Characterization Report (SCR) on a potential high-level radioactive waste repository site on the Hanford Reservation in the State of Washington. Also enclosed are copies of the memos transmitting the analysis to the State people for those states which have potential high-level waste repository sites in salt deposits.

If you need any further information or have any questions please get in touch with me on (301) 427-4204.

Sincerely,

*DS*
