R-1

Ray, Dick : The subject FOIA that we sent to you was supposed to go to a guy named Bill Reckley who is going to review it for sensitive information and safeguards information per the SRM issued January 27, 2002 in this new environment. Specifically, the Gilbert & Associates report should be (in my opinion) withheld in its entirety due to the sensitive issue that it deals with. (In light of what happened on September 11, 2002, I am not going to be the one to release it.... even though it is out in one location that is still retrievable we can talk about that on the phone). Anyway, Dick or Ray, please pass this package to Bill Reckley so that he can review it.

Thank you Bill for doing this for us. Whoever is going to review this, it ought to be done fairly soon, even though it's sort of dated.... We need to get it back to the OCIO soon.

If you have any questions, read the original attached e-mail to get the original idea behind what is happening with this package.

Tony

 Greg,
 Bob Skelton get me a package which is the request of reviewing the attached FOIAs documents from you. Do you have any deadline fot them? Do you have any specific issue on this request you would like me to pay more attention?

Ray
