Subject: Re: Fwd: DRAA items potentially affected by the release of information concern

Mindy,
The list from RES includes a table at the end that is titled, "Other Agency Documents with Similar Characteristics." This list includes such items as UFSARs , Standardized Tech Specs, USNRC Information Digest, Part 21 Reports, etc.

Are we to consider this as direction/authorization to begin removing these items?

release

Here's a pretty extensive list of items for removal from RES. Approved by Scott Newberry and David Matthews.

CC: Scattolini, Lynn; Smith, Thomas
