BRIEFING ON BWIP STOP WORK ORDER

This is to follow up the telephone conversation of March 4, 1987, between Mr. M. L. Powell of my staff and you or members of your staff concerning the scheduled March 17, 1987, briefing on the BWIP Stop Work Order.

The purpose of this briefing is to describe to the participants, including DOE Headquarters, the process for recovery from the Stop Work Order and to identify the status of review activities performed by DOE-RL vis-a-vis the recommendations received from Rockwell Hanford Operations (Rockwell) for partial lifting of the Stop Work Order. The briefing will also identify future actions to be taken by both DOE and Rockwell and the involvement of the participants in these activities.

As mentioned, the briefing is scheduled for March 17, 1987, and will be held at the Holiday Inn, 1515 George Washington Way, in Richland. Attached for your information is the plan for the general restart program, as well as the agenda for the meeting. If additional information is desired, please contact either Mr. Powell on (509) 376-5267 or Mr. R. P. Saget on (509) 376-7250.

Sincerely,

John H. Anttonen, Assistant Manager
for Commercial Nuclear Waste
