

DLR/IB:JML

TELEPHONE CALL FROM:

June 27, 1958

Mr. M. T. Beam
Curtiss-Wright Corporation
Quehanna, Pennsylvania

Mr. Beam related that the Curtiss-Wright Corporation at Quehanna had four (4) applications for Byproduct Material License pending. He stated that one of the applications requested 20 curies of Cobalt-60. He called to inform us that they now desire to have this 20 curies of Cobalt-60 changed to 200 curies of Cobalt-60. Mr. Beam stated that he would send a new application for the 200 curies Cobalt-60, and he wished to have this application for 200 curies replace the current application for 20 curies.

DUPLICATED
