SUBJECT: OVERVIEW OF HANFORD TANK WASTE DEIS REVIEW

In response to your instructions, I have coordinated an overview of the staff's Hanford Tank Waste DEIS Review. This overview has been completed. I have received input from Ted Johnson, T. Cardone, P. Bembia, and D. Goode. Their notes to me are enclosed for your review. Due to other conflicts, Cardone was unable to provide comments to me until 10/23. I have also reexamined the DEIS review with respect to hydrogeology and have no major technical problems with our staff comments.

Please note that Ted Johnson's concerns are the only ones that remain, but they appear to be significant. His suggested changes for the DEIS review are enclosed, including a deletion on page 4 of the detailed comment section and a change on page 5 (see enclosure from Ted). I recommend that Johnson's comments be passed on to Regis Boyle of RP.
