

Statement of Work
Stefan Mayer
July 22, 2002

Dr. Stefan Mayer will provide assistance to the CNWRA in completing Chapter Four of the Risk Insights Initiative final report under the direction of Dr. Roland Benke of the CNWRA. Dr. Mayer is one of the original co-authors of this chapter and his expertise and background knowledge are essential for its successful completion. In addition, Dr. Mayer will assist in assembling the complete final report from chapters provided by CNWRA and NRC authors, and work to ensure that the introduction, content, and conclusions of the report are consistent. It is anticipated that Dr. Mayer will be required to spend between 100 to 200 hours in order to complete these tasks. These tasks should be completed by September 27, 2002; however, to allow flexibility in tasking, his consulting contract should be valid for the period from Monday, July 29, 2002 until January 17, 2003 (approximately 6 periods).
