Division of Fuel Cycle Safety
and Safeguards/NMSS

SUBJECT: MEETING SUMMARY - FEBRUARY 26, 2004 - THE UNITED
NUCLEAR CORPORATION CHURCH ROCK URANIUM MILL
SITE, CHURCH ROCK, NEW MEXICO

William von Till, Project Manager, Fuel Cycle Facilities Branch, attended a meeting in Santa Fe, New Mexico on February 26, 2004, regarding the United Nuclear Corporation Church Rock (UNC) site. The meeting was held by the U.S. Environmental Protection Agency (EPA); and representatives of the New Mexico Environmental Department (NMED), the Navajo Nation, the Navajo EPA, and the licensee (UNC and General Electric), were present. The Deputy Secretary of the NMED (second in command), Ms. Derrith Watchman-Moore, also attended the meeting. The purpose of the meeting was to discuss groundwater corrective action at the site. The EPA, the Navajo Nation, and the Deputy Secretary of the NMED requested a follow-up meeting with the regulators in April 2004, either in Santa Fe or Window Rock, Arizona, for the purpose of further discussions and decision making regarding the next steps.
