

CENTER FOR NUCLEAR WASTE REGULATORY ANALYSES**Washington Office****M E M O R A N D U M**

May 3, 1990

TO: John E. Latz**FROM:** Ruth Wainer**SUBJECT:** Consultant Service Contract for Dr. Stanley E. Logan

The following information is submitted in connection with this request for subject consultant.

RATIONALE FOR CONTRACT:

Dr. Logan was selected as peer reviewer for the two papers which constitute the final report for the Transportation Risk Study. It has been agreed with the Program Element Manager, Russel Rentschler, that the final report for the project will include whatever papers the Center will submit for publication in refereed journals, plus appendices containing a compilation of Center analyses and data. One paper has already received internal review and the second is being finalized. The individuals at the Center who are familiar enough with this work to review it critically were all involved in its preparation. Dr. Logan's familiarity with RADTRAN applications and with the problems of radioactive materials transportation, in addition to his outstanding resume, qualify him as a reviewer of this work. Dr. Logan's resume is attached.

PROJECT NUMBER:

20-3703-005

DAYS/HOURS REQUIRED:

Approximately 93 hours of the consultant's time will be required for the review and preparation of comments. A Form E-11 is attached for your signature and conveyance, along with this memorandum, to the Personnel Department.
