Mr. O. Lee Olson
US DOE Richland Operations
P. O. Box 500
Richland, WA 99352

Dear Mr. Olson:

At the BWIP performance assessment workshop in September 1983, we were asked to identify people who are associated with BWIP whose names are on our distribution lists for receiving contractor reports from NRC's high-level radioactive waste research and technical assistance projects. At the same time, we were also asked for brief summaries of each of our projects.

Enclosed with this letter are lists which include the names of the people who receive our reports on performance assessment issues at DOE and in Richland, WA. Also enclosed are summaries of each of our projects.

It is very likely that the enclosed lists are out of date, incomplete, or both. We would like you to help us bring our distribution lists up to date by adding names to or deleting names from the enclosed lists. Please return the modified lists by April 1, 1984.
