Subject: objection against les license app

Simple questions about nuclear waste and again, not one word of reply.  
This should count against LES getting license in New Mexico.

Representative Whitaker,  
You are a supporter of the proposed LES plant in LEA county. Since LES has promised the waste from the plant will not be stored in New Mexico:  
Where will it be stored?  
After the waste starts being produced, how soon will it be moved out of state?  
Les has not replied on these questions.

Thank you and have a nice day.
