

March 11, 2004

Mr. William Floyd, Manager
Radiation Control Bureau
New Mexico Environment Department
1190 St. Francis Drive, P.O. Box 26110
Santa Fe, NM 87502-6110

Dear Mr. Floyd:

We have reviewed the final revisions to the New Mexico Administrative Code Title 20, Chapter 3, "*New Mexico Radiation Protection Regulations*", received by our office on March 4, 2004. These regulations were reviewed by comparison to the equivalent Nuclear Regulatory Commission (NRC) regulations in 10 CFR Parts 20, 30, 32, 35, 36, 39, 40, 50, 52, 60, 61, 70, 71, and 72 and the requirements of the six amendments identified in the enclosed States Regulation Status Data Sheet (SRS). We discussed our review of the regulations with Stan Fitch on March 9, 2004.

As a result of our review, we have no comments and three editorial suggestions. Please note that we have limited our review to regulations required for compatibility and/or health and safety. We have determined that the regulations, as adopted, meet the compatibility and health and safety categories established in the Office of State and Tribal Programs (STP) Procedure SA-200.

The SRS Data Sheet summarizes our knowledge of the status of other New Mexico regulations, as indicated. Please let us know if you note any inaccuracies, or have any comments on the information contained in the SRS Data Sheet. This letter, including the SRS Data Sheet, is posted on the STP website: <http://www.hrsd.ornl.gov/nrc/rulemaking.htm>.

If you have any questions regarding the editorial suggestions, the compatibility and health and safety categories, or any of the NRC regulations used in the review, please contact me, or Aaron McCraw of my staff at (301)415-1277 or ATM@NRC.GOV.

Sincerely,

\By K.N. Schneider for

Josephine Piccone, Deputy Director
Office of State and Tribal Programs

Enclosures:
As stated

EDITORIAL SUGGESTIONS

1. In Section 20.3.4.426 E (1) (a.), the State omitted the phrase “and State” in the first line of paragraph (a)(1) of 10 CFR 20.1405. The intent of the requirements of this paragraph are contained in the State rules; however, the opportunity for comment from other States that may be affected by facilities near the border should be incorporated in the State’s rules for clarification.
2. The State should capitalize the first letters in the words “environmental protection agency” in 20.3.4.426.E(1)(b).
3. The State should capitalize the first letters of the words “international system of units” in 20.3.4.440.

STATE REGULATION STATUS

State: New Mexico

**[Six amendments reviewed are identified by a ★
at the beginning of each equivalent NRC regulation.]**

Tracking Ticket Number: 4-55

Date: March 11, 2004
