(Return to WM, 623-55)

Dear Dr. Heath:

Our technical staff is presently engaged in working with the DOE staff in Germantown and Richland to arrange a review visit to BWIP in late September.

As an adjunct to the site visit, we wish to become familiar with the status of BWIP groundwater modeling, as developed by ONWI. We understand that Dr. James Duguid is one of the leaders on this work.

Kindly advise how we should proceed with making arrangements for a discussion on this subject with ONWI. As seen now, a suitable time might be in late September or early October upon conclusion of the visit to BWIP. The advise may be given to Dr. Robert Wright (telephone 427-4177).

Sincerely,

ORIGINAL SIGNED BY

Hubert J. Miller, Chief  
High-Level Waste Technical  
Development Branch  
Division of Waste Management
