Request for Approval of BAW-10238(P), Revision 1, "MOX Fuel Design Report."

Ref.: 1 Letter, James F. Mallay (Framatome ANP), to Document Control Desk (NRC), "Request for Approval of BAW-10238(P), Revision 1, 'MOX Fuel Design Report'," NRC:03:037, May 30, 2003.

Ref.: 2. Memo, Drew G. Holland (NRC) to James F. Mallay (Framatome ANP), "Request for Additional Information (RAI) – Topical Report BAW-10238(P), Revision 1, 'MOX Fuel Design Report'," October 8, 2003.

Framatome ANP (FANP) requested NRC review and approval of the topical report BAW-10238(P), Revision 1, "MOX Fuel Design Report," in Reference 1. The NRC requested additional information regarding this topical report in Reference 2.

Item 4 of Reference 2 requests that FANP provide numerous references to the NRC. Enclosed is a CD that contains references 6, 13, 24, 25, 27, 28, 29, 30, 31, 33, 35, 36 and 38. Reference 37, which was also requested, contains third-party proprietary information. We are reluctant to place this information on the docket, which, of course would require a specific release from the other party. This document is available for NRC review during the planned November 2003 audit of BAW-10238.

The remaining responses to Reference 2 will be submitted to the NRC by December 19, 2003.

Very truly yours,

James F. Mallay, Director
Regulatory Affairs
