Re: **Compensatory Measures for Physical Security at the Kansas State  
University Nuclear Reactor**

Pursuant to the January 23, 2002 direction, SITE-SPECIFIC COMPENSATORY MEASURES FOR PHYSICAL SECURITY IN THE CURRENT THREAT ENVIRONMENT AT RESEARCH AND TEST REACTORS LICENSED TO OPERATE AT POWER LEVELS LESS THAN 2.0 MEGAWATTS, a report on proposed compensatory measures for the KSU research reactor is attached.

Changes from the previous proposed compensatory measures have been incorporated as discussed, and the descriptions of proposed commitments in the previous submission that have been subsequently completed are revised (to reflect actual status).

Sincerely,

P. M. Whaley  
KSU Nuclear Reactor Facility Manager
