## NONCONFORMANCE REPORT

Project No. CNWRA Audit 2003-1

NCR No. 2003-11

**PART 1: DESCRIPTION OF NONCONFORMANCE**

Personnel have been performing activities or are anticipated to perform to procedures not indicated on their Form QAP-11-1. Continued on page 2.

Initiated by: Don Dunavant *DD*

Date: May 23, 2003

Action Required by:

**PART 2: PROPOSED DISPOSITION AND CORRECTIVE ACTION**Response Due Date: June 28, 2003Response Person: B. MABRITO

Disposition: For those individuals identified on the NCR, Element managers will check to ensure proper procedures are noted on CNWRA Form QAP-11-1. Procedures identified will be provided to individuals and training documented.

Basis of Disposition: This oversight by Element managers is a relatively small percentage of the total CNWRA staff, consultants and subcontractors.

Action to Correct Nonconformance: QAP-007, Professional Personnel Qualification, will be revised to more clearly address this issue. The QAP-11-1 form will be revised to address this nonconformance and the procedure will emphasize procedure identification for CNWRA staff and others working on GWSRA tasks. CNWRA will evaluate whether there is a need to specify and implement a periodic review. *W/P 6/20/2003*
